

- **Board Members**

- Leadership within an organization is critical to its success. Without a solid leadership foundation, organizations struggle to serve their members effectively. At the Christi Center, a core value is that no one should have to grieve alone. Serving on the Board of Directors carries the responsibility of making decisions that impact the lives of individuals experiencing the loss of a child, a family member, or a friend. It requires a strong commitment to guide, influence, and lead an organization like the Christi Center. Ensuring a positive outcome from all its decisions demands effective leadership.
- If you are seeking a rewarding opportunity, please contact Theresa Golde or Jocelyn Chamra Barrera for more information about the board structure and its prospects.
